## Powerful Detergent/Sanitiser

Farm-San is an extremely effective detergent/sanitiser concentrate formulated with high foaming characteristics to ensure maximum performance. Based on a type 5 quaternary compound it can be used with confidence in and around all animal and poultry housing and rearing facilities when diluted as per instructions.

## FEATURES

- High Foaming for longer dwell times
- Neutral pH
- Biodegradable

## BENEFITS

- Highly effective against a wide range of fungi and bacteria
- Non-corrosive
- Residual action
- Economical
- Can be applied with foam application equipment

## SAFE PRACTICE

Add 1 litre to 50 litres of water to make a 2% solution and apply manually or by fogging.

Farm-San can be applied with “mixed at the nozzle” high pressure equipment if adjustments allow for the correct mixing ratio.

## APPROVALS

MPI APPROVED C22, C39, C41 (All animal product except dairy)
